

# SMEG500WHUS

|                  |                |
|------------------|----------------|
| Product Family   | Refrigerator   |
| Installation     | Free standing  |
| Category         | One Door       |
| Reference width  | Higher than 80 |
| Reference height | Until 100      |
| Cooling type     | Static         |
| Defrost          | Automatic      |
| EAN code         | 8017709255138  |

## Aesthetics

|                |             |               |         |
|----------------|-------------|---------------|---------|
| Aesthetic      | 50's Style  | Side material | Steel   |
| Colour         | White       | Side colour   | White   |
| Finishing      | Glossy      | Logo          | Applied |
| Collaborations | Smeg & Fiat |               |         |

## Refrigerator compartment features

|              |     |                                 |     |
|--------------|-----|---------------------------------|-----|
| Bottle shelf | Yes | Type of internal light (fridge) | LED |
|--------------|-----|---------------------------------|-----|

## Other technical features

|                             |                    |
|-----------------------------|--------------------|
| Type of temperature control | Electro-mechanical |
| Refrigerant gas type        | R600a              |
| Foam agent                  | Cyclopentane       |

## Performance / Energy Label - Reg. 2019

|                                     |                 |
|-------------------------------------|-----------------|
| Airborne acoustical noise emissions | 37 dB(A) re 1pW |
|-------------------------------------|-----------------|

## Electrical Connection

---

|                       |          |                                  |          |
|-----------------------|----------|----------------------------------|----------|
| <b>Voltage (V)</b>    | 120 V    | <b>Power supply cable length</b> | 39 3/8 " |
| <b>Frequency (Hz)</b> | 50/60 Hz |                                  |          |

## Symbols glossary (TT)

---

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.
