

4K ULTRAHD

The 2022 Hisense A68H series Google TV™ adds more picture quality enhancements and an operating system upgrade for the perfect 4K fit for consumers looking for options and affordability. Adding FilmMaker Mode reproduces movie content the way the director originally intended. Game Mode Plus with variable refresh rate (VRR) up to 4K 60Hz and auto low latency mode (ALLM) keeps the A68H series at pace with next-generation game consoles. The A68H series also maintains DTS® Virtual:X audio technologies for a fuller audio experience and also has eARC capabilities. With Chromecast built-in™ you can easily cast movies, shows, photos, and more from your phone right to your TV. These advancements are available in all sizes and position the A68H series as the “go-to” Hisense TV for the perfect 4K fit. With Chromecast built-in™ you can easily cast movies, shows, photos, and more from your phone right to your TV. These advancements are available in all sizes and position the A68H series as the “go-to” Hisense TV for the perfect 4K fit.

The entertainment you love, with a little help from Google. Google TV™ brings together movies, shows, and more from across your apps and subscriptions and organizes them just for you. Discover new things to watch with recommendations based on what you watch and what interests you. Ask Google to find movies and shows, answer questions, control smart home devices, and more, with your voice. And with the Google TV app you can watch what you want, anytime, anywhere.

4K Ultra High Definition

4K resolution improves upon Full High Definition with 3840 x 2160 pixels. More pixels on the screen produces a more clear and succinct picture making content look more realistic and true-to-life. Combined with Hisense’s AI UHD Upscaler, non-4K content will get enhanced to near-4K quality.

Google TV

The entertainment you love. With a little help from Google. Google TV brings together movies, shows, live TV and more from across your apps and subscriptions and organizes them just for you.

Dolby Vision® HDR and HDR10

Innovative visual technology, Dolby Vision®, brings characters to life with deeper blacks, brighter whites, and an expanded colour range you can’t get anywhere else. HDR10 is an HDR format that delivers HDR content via compatible over-the-air signals.

Game Mode Plus

Game Mode Plus is a collection of technologies that come together to create a dynamic gaming experience. A 60Hz panel, variable refresh rate (VRR), and auto low latency mode (ALLM) helps ensure the television can handle your gaming needs - whether you’re a casual or serious gamer.

Chromecast Built-in

Easily cast movies, shows, photos, and more from your phone right to your TV*.

DTS® Virtual:X

This scalable and versatile advanced post processing package creates immersive audio by virtualizing height content over traditional stereos.

Google Assistant

Your TV is more helpful than ever. Use your voice to find movies, stream apps, play music and control the TV. Ask Google to find a specific title, search by genre, or get personalized recommendations by saying, “what should I watch?” Even get answers on screen, control smart home devices, and more. Press the Google Assistant button on the remote to get started.

Bluetooth® Connectivity

Wirelessly connect a compatible soundbar, headphones or speakers to your TV. Then turn it up.

Sports Mode

With sports mode pre-set settings, the television automatically adjusts itself to optimize sports content. Motion is smoother and colour is adjusted for the best sports experience for your source, signal and television.
