FEATURES & BENEFITS

SEAMLESS INTEGRATION

Customize your dishwasher with a panel and handle matching your cabinetry, for a seamless finish in your kitchen.

EFFORTLESS DRYING

For beautifully dry dishes, this dishwasher features automatic door opening at the end of the cycle to release excess steam. Making unloading more convenient, the Auto Door Open Dry feature helps to ensure dishes come out dry and ready to use or

store.

A RELIABLE CLEAN

This dishwasher offers seven wash programs including Auto, which automatically senses the optimal wash settings for your dishes. The three-stage filtration system delivers a superior clean, while the rinse aid indicator reminds you to top up for beautifully clean dishes.

CUSTOMIZE YOUR WASH

The Half Load modifier is perfect for washing a partial load, for faster turnaround of dishes. Sanitize provides extra protection, killing 99.9% of bacteria* in the final rinse, while the Dry+ modifier is great for plastic dishes. *Certified to NSF/ANSI Standard 184

EFFICIENT PERFORMANCE

With an Energy Star Most Efficient rating, this dishwasher is recognised as among the most energy efficient models on the market. Use the Eco wash program for optimal water and energy consumption, or choose when the cycle begins with Delay Start.

FLEXIBLE LOADING

Designed to fit 15 place settings with ease, adjustable racks help you to load and care for various items – including a height-adjustable upper basket, and foldable cup holders and tines.
