PX3-PRO

80"-150" Trichroma 4K Laser Cinema
Model-PX3-PRO

Experience immersive cinematic and gaming action with the Hisense PX3-PRO's 80-150 inch 4K display, certified for Dolby Vision and IMAX Enhanced. As the world's first Designed for Xbox ultra short throw projector, it delivers the ultimate gaming experience. Enjoy 3000:1 native contrast for deeper blacks and brighter whites, and 3000 ANSI Lumens brightness for vivid, colourful viewing. The total HDR solution supports all major formats, ensuring top-notch video quality and compatibility. Transform your home entertainment with the Hisense PX3-PRO.

80"-150" Projection Size

Utilizing ultra short throw technology, the PX3-PRO creates vivid, lifelike images, from 80 inches to a giant 150 inches. Just place the projector at the right distance from your wall to deliver the perfectly sized picture for your room, even in a compact space.

3000:1 Native Contrast

Embrace the power of a 3000:1 native contrast. Deeper blacks, brighter whites—unlocking a super-wide contrast range that unveils ultimate black and white performance, ensuring subtle nuances during transitions.

Designed for Xbox

Take your gaming to the next level with the PX3-PRO, designed specifically for Xbox. It offers an impressive refresh rate of up to HSR 240, ensuring fluid motion and sharp visuals for an immersive experience. The Auto-Low Latency Mode (ALLM) detects when your gaming console is on and automatically adjusts the projector settings, providing you with seamless, lag-free gameplay.

Ambient Light Rejection (ALR) screen

Elevate your home entertainment with our Ambient Light Rejection (ALR) screens for projectors, designed to reject ambient light for exceptional contrast, brightness, and colour accuracy. Enjoy sharp, vivid pictures even in bright rooms, and say goodbye to reflection and eye strain. Available in 100 or 120-inch sizes for perfect cinematic nights.

IMAX ENHANCED

Experience IMAX-quality cinema right at home with the Hisense PX3-PRO. Certified by IMAX Corporation and Hollywood's top technical experts, this projector brings you the signature IMAX picture quality and DTS®-powered audio immersion. Enjoy an immersive audiovisual experience without leaving your living room.

LPU™ Digital Laser Engine

Experience the award-winning Hisense LPU™ (Laser Projection Unit) Digital Laser Engine with its triple laser light source, delivering ultra-realistic colours and unparalleled immersion. Enjoy super wide colour gamut, high colour accuracy, and enhanced visuals with real-time Pro AI Algorithms for brightness, contrast, and noise reduction.

Ultra Short Throw Technology

The Hisense PX3-PRO UST projector, with a 0.22 throw ratio, saves space with its close-to-wall placement. It offers easy setup with minimal cabling and provides bright, clear images even in well-lit rooms. Additionally, it eliminates shadows, ensuring that people walking in front of the screen won't cast distractions, creating a more immersive viewing experience.

Sound by Harman Kardon with Dolby Atmos Technology;

Experience immersive sound with PX3-PRO built-in 50-watt front-firing Harman Kardon speakers and Dolby Atmos technology, delivering every auditory detail for a theatre-like experience right in your living room.
