

24" Fully Integrated Standard Tub Dishwasher

FEATURES & BENEFITS

Brushless DC Water Pump

The Brushless DC Water pump adopts the combination of a ceramic and carbon fiber graphite shaft sleeve, effectively minimizing friction and noise during operation, consequently enhancing it's overall lifespan.

14 Place Settings

This dishwasher's generous capacity holds up to 14 place settings for quick cleanup in fewer loads. And with more in each load, you'll spend less time washing dishes and more time enjoying the party.

Flexible Wash Programs

This dishwasher offers 8 wash programs including 'Auto', which automatically senses the optimal wash cycle for your dishes.

Third Cutlery Rack

Provides additional space for long and flat items like silverware, serving utensils and spatulas.

Beam-On-Floor

This dishwasher has a clever way to keep you fully up to date with the status of your dishes. Its beam-on-floor technology projects a red light onto the floor while the cycle is still in progress
