

NSI6DG9300SRAC

6.3 cu. ft. Induction Slide-in Range with Air Fry and Wi-Fi Connectivity

Signature Features

Anti-Scratch Matte Glass Cooktop

The Anti-Scratch Matte Glass Cooktop is 54% more scratch-resistant and more durable compared to conventional glass, ensuring resistance against marks from cookware or cleaning.

Air Fry

Enjoy better fried food with the Air Fry feature that uses hot air circulation to envelope food, leaving it crispy and brown on the outside while keeping it juicy on the inside.

Fan Convection

Convection circulates air to cook food faster and more evenly than a conventional oven.

BESPOKE Design

This oven features a stylish and contemporary Bespoke design that will enhance the look of your kitchen or add an elegant colour accent. The range's recessed handle design seamlessly blends into your kitchen for a minimalist look.

6.3 cu. ft. Induction Slide-in Range with Air Fry and Wi-Fi Connectivity

Installation Specifications

IMPORTANT: To eliminate the risk of burns or fire caused by reaching over heated surface units, avoid having cabinet storage space located above the surface units. If you have cabinet storage space over the heating elements, you can reduce the risk by installing a range hood that projects horizontally a minimum of 5 inches beyond the bottom of the cabinets.

* A minimum of 30" is required between the top of the cooking surface and the bottom of an unprotected wood or metal cabinet; a minimum of 24" is required if the bottom of the wood or metal cabinet is protected by not less than 1/4" of flame retardant millboard covered with not less than no.28 MSG of sheet steel, 0.015" of stainless steel, 0.024" of aluminum, or 0.020" of copper.

** A minimum of 15" is required between the countertop and the adjacent cabinet bottom.

SLIDE-IN CUTOUT

Dimensions

CAUTION: This range has been designed to comply with the maximum allowable wood cabinet temperatures of 194°F. Make sure the wall covering, countertops, and cabinets around the range can withstand the heat (up to 194 °F) generated by the range. If not, discolouration, delamination, or melting may occur.

Power Source

240V/60Hz/40A

Radiant Ceramic Cooktop

Right Front: 11", 2400W (Boost 4300W)

Left Front: 7", 1800W (Boost 2300W) - Sync
