

M2 Pro 65"-200" Triple Laser Smart Mini Projector

The Hisense M2 Pro is your go-to 4K Triple Laser Smart Mini Projector for big-screen moments anywhere. Enjoy 65"-200" projection with easy 360° vertical adjustment. Keep every detail sharp with optical zoom. Dolby Vision and 4K AI upscaling make every scene look incredible. Great for movie nights or gaming, indoors or out.

65"-200" Adjustable Projection Size

Transform your movie nights with an incredible projection size ranging from 65" to a massive 200" in stunning 4K UHD resolution.

Effortless 360° Vertical Projection with Hisense Gimbal Design

Easily adjust the projector to the ideal viewing angle using a gimbal that allows 360° vertical movement. Seamlessly project content onto both walls and ceilings for a truly versatile viewing experience.

Triple Laser Light Source

Experience highly precise and vibrant colours with the advanced M2 Pro's Laser design. Equipped with 28 laser chips, each delivering the power equivalent to 4 LEDs, this technology produces exceptional depth and fine detail for a truly immersive viewing experience.

Dolby Vision

Be fully immersed in your viewing experience. The M2 Pro supports Dolby Vision®, offering vibrant colour, sharp images, and improved contrast for stunning clarity and detail. Enjoy cinema-quality visuals, just as the filmmakers intended.

2.0 Channel Sound System with DTS Virtual:X

Experience immersive audio with a 2.0 channel sound system featuring 20W high-power speakers and DTS Virtual:X. The sound perfectly complements your projected content, bringing movies to life with greater depth and clarity.

View Your Content at its Best with 4K & 4K Upscaling

With 4K AI upscaling, lower-resolution content is elevated to deliver a stunning viewing experience with enhanced sharpness and detail. It's remarkable how much more each pixel can achieve.

Optical Zoom

Adjust image size without moving the projector or losing 4K quality. With a 1.0-1.3 optical zoom, you can zoom in or out while keeping the picture sharp and clear. Perfect for tight spaces.

1300 ANSI Lumens Brightness

Transform your home entertainment with the Hisense 4K M2 Pro's 1300 ANSI Lumens brightness. This feature delivers a bright, vivid, and colourful viewing experience, making every movie night, gaming session, and TV show truly unforgettable.

Game Mode

Game Mode with Auto Low Latency Mode (ALLM) and Motion Estimation Motion Compensation (MEMC) delivers ultra smooth low lag gameplay with just 12ms input delay. It auto activates for fast, precise responses so you stay sharp, in control, and ahead of the competition.

Seamless Auto Keystone Correction

Automatically adjusts the image for clear, sharp, and perfectly aligned projections, eliminating the need for manual tweaks to enjoy the ultimate viewing experience and flexible placement.
