Gas Range 30", 5 Burners

Professional

This 30" Fisher & Paykel freestanding range has five high power gas burners that give you precise control from a rapid boil to a gentle simmer.

Stainless Steel

Dimensions

Depth	29 1/8"
Height	35 3/4 - 36 3/4"
Width	29 7/8"

Features & Benefits

Cooktop power

Sealed Dual Flow Burners™ deliver cooktop power up to 23,500 BTU (NG models) for seriously fast boiling right down to a precise 140°F full surface simmer with the gentlest of flames.

Total control

Precise control across high and low settings is delivered through the halo-illuminated cooktop dials. The ovens have true convection and electronic oven control for precise and consistent temperatures.

Easy to clean

A sealed cooktop surface coupled with a commercial-style stainless steel finish means your cooktop simply needs a quick wipe to keep it looking good as new.

Instant visibility

Control dials have halo-illumination glowing white – heating up; orange – temperature reached; red – self-cleaning mode. The oven is illuminated by two powerful incandescent lights.

Cooking flexibility

The cooktop is designed for easy access to any burner with grates you can smoothly slide pots across. The oven is large enough to hold full size baking sheets.

Handle option

Customise your Professional Fisher & Paykel kitchen appliance to suit your kitchen style by purchasing our square handle option.

Specifications

Accessories

Combustible situation (Sold seperately)	BGRV2-3030H
