

Unit Dimensions

	in.	mm
A	21 1/4 in.	540 mm
B	21 7/16 in.	544 mm
C	47 15/16 in.	1218 mm

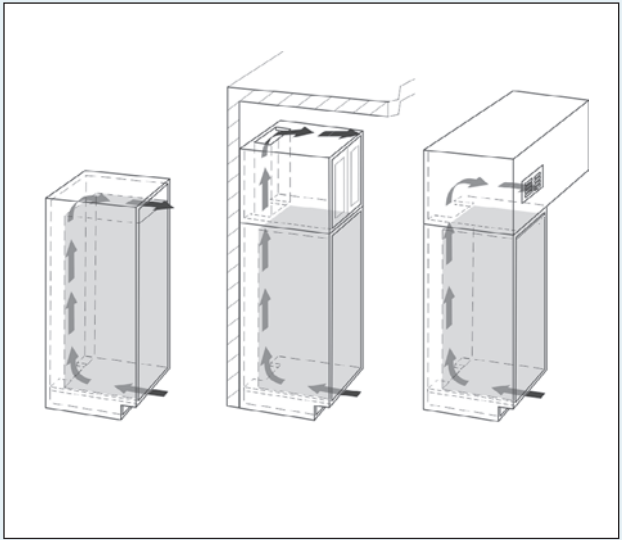

Total height of the cabinet (i.e. 49 7/16 in. (1256 mm)) plus thickness of the cover and floor plate (a) (normally 3/4 in. (19 mm)): 70 3/8 in. + 3/4 in. + 3/4 in. = 47 15/16 in. (1218 mm + 19 mm + 19 mm = 1256 mm)

Cabinet Dimensions

	in.	mm
D	48 - 48 5/8	1220 - 1236
E	22 - 22 3/4	560 - 578
F	min. 21 5/8, recommended 22	min. 550, recommended 560
G	min. 19 11/16	min. 500
H	min. 1 5/8	min. 40
J	max. 3/4	max. 19

Ventilation

There must be an effective ventilation gap of at least 31 in² (200 cm²) per device at the air inlet and at the air outlet.

Liebherr HC 700B
Fully Integrated/Seamless

Fully Integrated/Seamless

Measuring 48" high, the **HC 700B** is the ideal solution for smaller or secondary kitchens. Its interior design allows for maximum flexibility and optimal use of space thanks to GlassLine shelving, with robust satin-finished safety glass, and adjustable bottle racks for secure storage. The HC 700B is ENERGY STAR® rated, and is as quiet as 37 dB – quiet enough for a theater or great room.

The HC 700B provides the perfect solution for cooling and freezing in compact spaces. The one-door refrigerator HC 700B comes equipped with a 4-star freezer compartment, which reaches temperatures of 0°F and lower, ensuring that food is frozen with all the vitamins and minerals for long term preservation.

Features

German Engineering: Our superior products offer premium quality, cutting edge design and innovative features that fit your busy lifestyle. Exclusive components and materials, along with the latest production processes, ensure energy efficiency and performance for years to come.

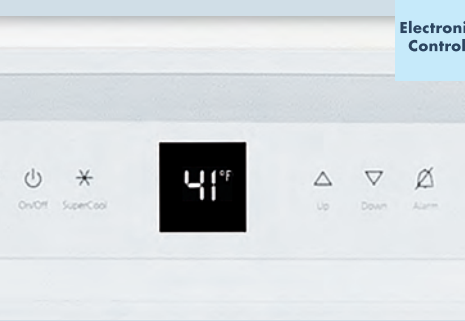

SuperQuiet: Noise is kept to a minimum with virtually silent, speed controlled compressors and a low-noise cooling circuit; while also ensuring exact performance, energy efficiency and SuperQuiet operation.

LED: The LED lighting housing is integrated into the side of the inner compartment and its central position provides optimal illumination. Flush integration guarantees a greater net capacity and more storage space.

Energy Star: Liebherr refrigerators help produce less energy waste and greenhouse gas emissions with the goal of having the least damaging effect on the environment, while offering solutions that help consumers conserve energy.

Electronic Display: Our intuitive electronic touch control panel ensures all functions are easy and convenient to use as well as guarantees that the settings selected remain accurate and constant.

Transparent vegetable bins: Transparent vegetable bins provide plenty of space for organizing fruit and vegetables. In addition, they are easy to clean.

SuperCool: The automatic SuperCool function lowers the refrigerator temperature down as far as 35°F for as long as 12 hours - ideal for rapidly cooling freshly stored food.

GlassLine: The elegant yet tough GlassLine shelves are scratch resistant and easy to clean as well as dishwasher safe. The space-saving shelves are designed for organization and are completely adjustable to suit your needs and the contents of the refrigerator. Additionally, the lighting shines through for a brighter interior.

4-star freezer compartment: Fresh food can be frozen and kept in long-term storage in the 4-star freezer compartment. Temperatures of 0°F and lower ensure that food is frozen and stored with all the vitamins and minerals preserved.
