Diagrams

## Freestanding Wine Cabinet

Wine cooler with three temperature zones.

Every temperature zone can be adjusted separately and independent from the other zones.

## Appliance Dimensions

The handle protrudes approx. 1/8" to the left side wall of the appliance.

## Cabinet Opening Dimensions

The given cabinet opening height dimension includes 2" for ventilation.

If the appliance will be ventilated above the cabinet or in a soffit, the height dimension can be adjusted accordingly.

### IMPORTANT

Minimum ventilation opening is 46 sq in !

With a cabinet depth of 27", the front of the appliance housing is flush with the cabinet frame. (see chapter "Appliance Dimensions Top View")

# Side-by-Side

To avoid condensation on the side walls at Side-by-Side applications a minimum distance of 2" between the appliances is required.

#### **Features**

German Engineering: Our superior products offer premium quality, cutting edge design and innovative features that fit your busy lifestyle. Exclusive components and materials, along with the latest production processes, ensure energy efficiency and performance for years to come.

**SoftSystem:** Unique to Liebherr is our patented SoftSystem, often used in high-end cabinetry, ensures that the door closes gently, even when fully loaded. Plus the door opening angle can be reduced to 90 degrees allowing for more design options within kitchen décor.

**LED Lighting:** The energy efficient LED ceiling light not only emits virtually no heat, but it is dimmable to cast a cool glow to give a pleasing ambient light inside the appliance as well as the room.

Electronic LCD display: Intuitive navigation of touch electronic control system enables tailored storage options. The digital temperature display can be viewed via the UV tinted glass door.

Beech wood Shelving: Solid beech wood shelves on telescopic rails for easy wine access.

**Presentation Shelf:** The practical shelf of the Vinidor models fulfill both bottle storage and presentation functions. The bottles can be stored horizontally at the rear.

FreshAir Activated Charcoal Filter: Liebherr wine cabinets are fitted with easy-to-replace FreshAir activated charcoal filters to ensure clean air. Odors are filtered out and the quality of the wine is protected.

**UV Protection:** In order to minimize the exposure of light which can damage the maturity of a wine, Liebherr wine cabinets are fitted with special UV-resistant insulated glass; simultaneously protecting and presenting your wine.

**Integrated Lock:** A sturdy lock protects your fine wine collection.
