65UQ8000AUK

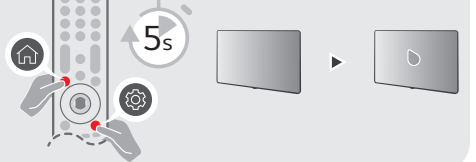

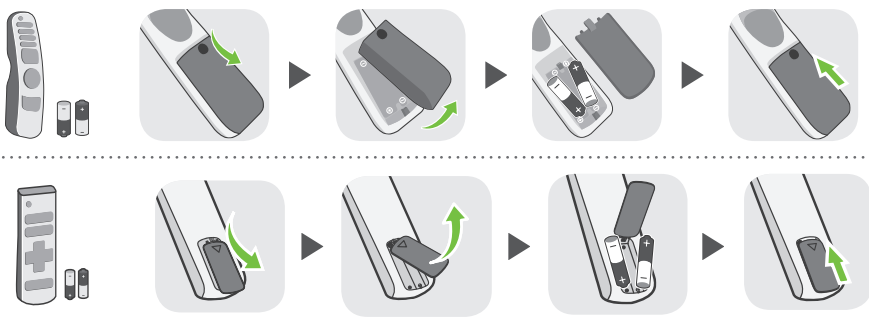

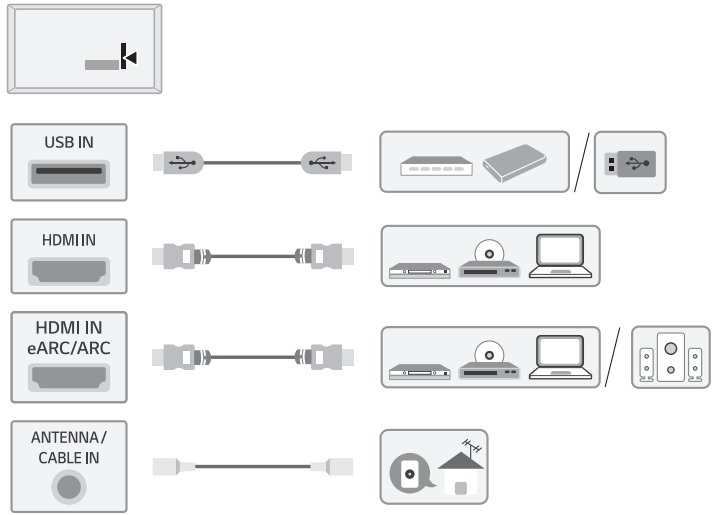

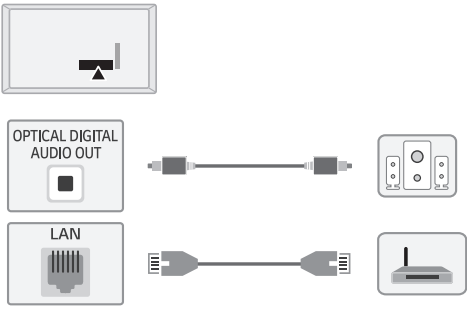

The diagram illustrates the correct technique for lifting a large, heavy object. On the left, two stylized human figures are shown holding a large, dark rectangular sheet. Four circular callouts with green borders highlight specific hand positions: the top corners and the bottom corners, showing how the hands should grip the edges. On the right, a 3D perspective drawing of a box is shown with two green arrows pointing upwards from its base, indicating the direction of the lift.
